Heirloom Iron Collection

Wrought iron reminds one of French balconies and romantic garden gates. It always symbolizes old world elegance. Our Heirloom Iron Collection touches the soul in that same deep way. This collection features two beautiful cribs, the Casablanca Premiere and the Venetian. Additionally we offer a luxurious little armoire with scrolled ironwork, and a classic changing chest. The case goods come in White or Black, and the iron pieces are available in Venetian Gold, Antique White, Pewter, and Slate. You pair the Antique White and Venetian Gold cribs with the White case goods, and the Pewter and Slate iron cribs with the Black case goods. These pieces pull the same ornate energy as the iron cribs, and tie it all together with details like the gold and silver metal drawer pulls and the iron accent for the armoire. Together, the pieces work in harmony to give your nursery the ultimate luxurious look. The Casablanca Premiere is such a great value, and absolutely charming. The Venetian Crib comes complete with everything you need to create a variety of looks. You can display this crib in a classic crib style, a four poster version, or with a canopy top. If you want more drama and space from your case goods, pair them with pieces from the Chelsea Collection. The Antique Silver Chelsea case goods, which have aged silver drawer pulls, work beautifully with the Pewter iron finish and the Slate. The White Chelsea case goods, that have aged gold metal drawer pulls, compliment the Antique White finish and the Venetian Gold. It all works seamlessly and gives you the most glamorous of looks.
